EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on April 15, 2005, John Mitchell requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 14-0780 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

To properly include the claim submitted as claim 3 in the Amendment After Final (the listing of claim 3 in the amendment dated April 10, 2005 does not correspond to the listing of claim 3 in the previous amendment dated November 4, 2004), the application has been amended as follows:

Claim 3 has been cancelled.

Claim 16 has been added as follows:

16. The shift control of claim 1, wherein the control is automatically operable for releasing the park brake or park lock when moved from the neutral position to either the forward or reverse positions.

Art Unit: 3681

2. The following is an examiner's statement of reasons for allowance:

No reference nor combination of references was found which teaches a transmission shift control with a switch or button adapted to be manually actuatable and operable for actuating a park brake or lock when the control is in a neutral position, as required by claim 1.

Indication of allowability of claims 2, 4, 5, 7, 8-10, and 12-15 was given in previous Office Actions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
